Vol. III No. 1

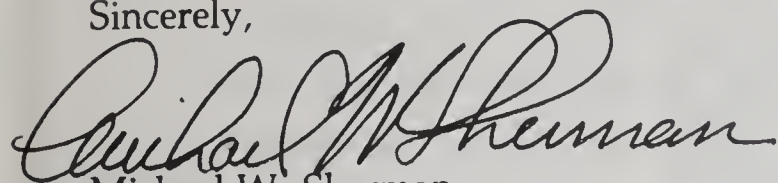

Dear Customer:

This past February was the best month in our history. Over 90% of the coins in our last catalog have been sold, and our buyers spent the entire month attempting to replenish our inventory. The pace of the market as measured by the activity at shows can best be described as hectic. The Long Beach convention was easily the best show in nearly three years for virtually every dealer who attended. The momentum was continued at the Tucson Mid-Winter ANA, dampened only slightly by the lower bullion prices recorded that week. Prices realized by our auction at that show were uniformly strong with many pieces trading over C.D.N. bid levels.

Response to our two new announcements last month, the Assured Delivery Program and the M.I.N.T. Plan have been excellent. We urge you to investigate these options carefully, and take advantage of them if they meet any of your needs. It is also with great pleasure that we can announce the addition of Mr. Warren Mills to our staff of professionals. Warren, formerly with New England Rare Coin Galleries is a discriminating and experienced numismatist, and will be glad to help you in any way he can.

Again, our sincerest thanks for making February our best month ever.

Sincerely,

Michael W. Sherman
General Manager

All the rewards of all the problems of

The M.I.N.T. PlanTM

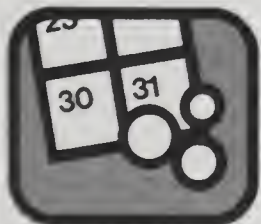

The Monthly Investment and Numismatic Training Plan — the M.I.N.T. PlanTM — is a professionally directed monthly coin purchasing and educational program. Specifically designed for the busy professional who wants coin buying advice or the collector who wants more coin knowledge. The M.I.N.T. PlanTM updates and educates its members on the coin market while helping build their numismatic wealth according to their agreed monthly budget.

Increase your interest, decrease your time.

You probably have noticed the recent price up-swings in coins. And you may or may not have gotten in on the last coin appreciation period in 1978-80. But if you are like most of us, this seems like a perfect time to start increasing your coin wealth. But your profession keeps you so busy that you simply don't have the time to take advantage.

With the new M.I.N.T. PlanTM, you are free from the time-consuming burdens of checking dozens of publications, dealer price lists, countless conventions, and the latest coin trends in an ever-changing coin market. That's all done for you each month.

Match monthly excitement to your cash availability.

Each month, we will send you some of the finest coins you may have ever seen. All are professionally selected, graded, and guaranteed by our renowned numismatists. Each coin will be sent to you according to guidelines you have discussed with our experts prior to shipment. And each group of coins will be selected according to the monthly budget you provide to us.

After you receive the coins, you will have thirty days to inspect the coins and return them for any

reason. In addition, the plan is totally flexible: you may cancel the program at **any** time, no mandatory purchase, increase or decrease the budget purchase amount, even skip a month or longer if necessary. It's up to you.

Select the best coins through your Director.

Each participant in the M.I.N.T. PlanTM is assigned his personal M.I.N.T. "Director." And each Director has been skillfully selected for this Plan from the best of our many professional numismatists.

Carefully and confidentially, your Director sorts through thousands of coins to help you choose those of the highest quality for your budgeted dollar — rarity and potential appreciation are generally the prime considerations.

Additionally, your Director works for you full time to not only stay current with the coin market, but to anticipate every major coin publication, compares dealer prices, and intently tracks national collector buy/sell trends.

Receive "first" choice from the world's largest selection.

Quite a rare variety and an even rarer subvariety; possibly a strong high R-5. 4,250.00
- 1800 MS (63) V-1a. Prooflike with magnificent pastel toning. One of the most unusual Early Half Dimes these eyes have seen. Possibly double-struck in collar with the reverse showing strong doubling and the obverse lightly doubled. The 1922 St. Gaudens Double Eagle

Just as we were about to mail this catalog, we opened a package from our Dusseldorf office. Lo and behold, it contained 17 original rolls of INCREDIBLE 1922 St. Gaudens \$20 Double Eagle Gold Pieces.

As you probably know, this is one of the most notoriously weakly struck issues of the entire St. Gaudens series. Amazingly, nearly all of these coins are exceptional strikes with gorgeous deep orange gold color. Out of the 17 rolls (425 coins) we were able to find 62 pieces that met our exacting standards for MS (65) or better.

We offer these on a first come, first served basis. Gray sheet summary "BID" price for MS (65) is \$2,000, and our regular asking price would be \$2,400 for MS (65) and \$3,000 for MS (67).

1937-D MS (67) Three Legged. Superb! A fully struck blazer which, at first glance, looks more like a 1937 Philadelphia coin. Although this popular variety is common in grades up to MS (60), we have seen very few true Gems. An important opportunity for the Buffalo specialist.	2,950.00

BUST DIMES

1807 VF (35) Typical strike for the date with myriad obverse clashmarks and weakness at the left obverse and reverse. The centers are sharp with the shield and Ms. Liberty's hair-strands distinct.	975.00
1807 AU (55) Natural steel grey toning. Above average strike with the left obverse and reverse relatively bold. Fewer clashmarks than usual make this an unusually attractive example of this usually ugly date.	2,450.00
1807 MS (63) Deep rose-to-lilac obverse with burnt-orange devices; even gold reverse. Decidedly above average strike with the reverse especially bold. An outstanding type coin for the advanced set.	8,100.00
1814 MS (65) Large Date. Very late reverse die state with a number of dramatic cracks intersecting within the shield. Antique gold toning is illuminated by this coin's extraordinary luster. The strike is sharp save for the right wing-tip. Although this is not an especially scarce date or variety in grades up to Choice AU, true Mint State examples are quite scarce.	6,900.00
1820 MS (65) Large 0 in the date, recut peak to the 1 in 10C. Goldish-grey with a band of peripheral iridescence at the upper reverse. While this is one of the more available dates of the type, no Large Size Bust Dime in this condition can be called "common."	6,900.00

BUST DIMES

1820 AU (50) Small 0 in the date, small C in 10C. Prooflike with luxuriant natural gold pastels. A trifle soft at the centers but unusually attractive for the grade and type.	675.00
1821 AU (50) Large Date. Similarly toned to the 1820 Large 0. A nice coin for the grade.	675.00
1831 MS (67) Superb! Untoned, ultra-lustrous and unbelievably well struck. One would have to go back to our 1982 A.N.A. Sale to find a reduced-size Bust Dime which rivals this piece.	6,750.00
1833 MS (65) Last 3 in date high. A virtual full strike with complimentary iridescent toning. An excellent type coin.	5,400.00

LIBERTY SEATED DIMES

We recently purchased a superlative collection of Seated Dimes. Many of these must be considered amongst — if not the — finest known.

1839 MS (67) Superb! Burnt-gold and orange pastels atop satiny surfaces. A very sharply struck coin with the wreath displaying full veins within each individual leaf.	3,500.00
1840 MS (63) No Drapery. Rose-gold toning atop surfaces more consistent to a higher grade.	765.00
1845 MS (63) Deep cobalt-grey toning. Attractive.	750.00
1846 EF (40) Golden-grey with peripheral dirt deposits (removable?). One of the rarest dates in the series; we have never seen a strictly Mint State piece and doubt that more than a handful exist which hit even the "AU" level.	695.00
1847 MS (60) Variety Two. All digits touch the base of the rock. Similar to the 1845 in appearance; this, however, has some luster within the obverse's protected areas. Quite a scarce date.	395.00
1848 MS (60) A twin to the 1847. Note-worthy for its originality and lack of problems. A scarce and extremely underrated date in Mint State.	375.00
1849-O AU (50) Small O. Rose-gold with peacock blue and lime at the peripheries. A touch weak at the centers as most seen are. An extremely rare date in Mint State. This pleasing coin represents the finest quality readily available on today's market.	475.00
1858 MS (63)	750.00
1860 Proof (67) Superb! Very deep grey with liberal underflashes of blue and green. Underrated; many went unsold and were melted late in 1860.	2,175.00
1862 MS (63)	375.00
1862 MS (70) Perfection. Golden grey with iridescence below; the reverse is more monochromatic. No hype is needed for this coin; its myriad attributes speak for themselves.	4,950.00
1863 Proof (65) Very brilliant fields toned to an intense Aztec gold.	1,750.00
1863 Proof (67) Superb! A full cameo with Ms. Liberty's purple-grey outline framed by sea-green fields.	2,175.00
1863 Proof (69) Wonder Coin! Deep smoky gold toning with multi-hued iridescence below. An exquisite, flawless Gem.	3,625.00
1865 MS (67) Superb! Rose-gold with autumn-leaves pastels at the peripheries. Absolutely no trace of Proof surfaces. One of the few bonafide business strikes for this rare date we've seen and, certainly, one of the nicer ones extant.	8,950.00

LIBERTY SEATED DIMES

1866 MS (69) Wonder Coin! Prooflike. Silvery-rose with intense flashes of electric blue and lavender below. A fantastic coin which blows any other 1866 Dime we've seen right out of the proverbial water.	9,950.00
1867 Proof (67) Superb! We currently have two Gems in stock. Both are gorgeously toned; one is deeper in hue than the other. Each is available at....	2,650.00
1868 AU (50) Scarce and underrated.	75.00
1869 MS (69) Wonder Coin! Prooflike. Dusky rose-gold with obverse iridescence peeking through. This date is almost as scarce in strict Mint State as the 1863-67 run.	4,950.00
1870 MS (67) Superb! Full strike. Antique gold with peripheral iridescence. Not an especially scarce date but a very difficult one to find with, at the minimum, a decent strike.	2,850.00
1870 Proof (69) Wonder Coin! Jade and gold obverse, rose reverse with intense purplulence below. One of the most attractive Dimes in this memorable grouping.	3,625.00
1872 MS (63)	375.00
1872 Proof (65) Light rose-grey toning.	1,750.00
1873 Proof (69) No Arrows. Closed 3. Wonder Coin! A lovely mixture of gold and electric blue on the obverse; two-tone gold reverse. Completely original and never "improved."	3,600.00
1874 MS (63) Arrows.	1,800.00
1874 MS (65) Arrows. Mottled deep gold toning atop prooflike surfaces. An excellent type coin.	5,650.00
1875-CC MS (65) Mintmark above bow. Somewhat weakly struck left of the shield; otherwise a nice example of a Carson City Dime.	1,350.00
1876 MS (65)	1,350.00
1876-CC MS (65)	1,475.00
1876-CC MS (67) Superb! Very sharply struck with none of the die rust so widespread on Dimes of this date.	1,850.00

1879 Proof (67) Superb! A color fanatic's dream Dime with magnificent purple, auburn and citrine toning.	2,400.00
1881 MS (65) Completely lustrous and an unquestionable business strike. Scarce.	1,750.00
1881 MS (70) Perfection. Fully struck and toned in flashy gold pastels. The sort of coin about which people laughingly inquire if it can walk and talk. Awesome.	8,500.00
1882 MS (70) Perfection. Fully prooflike. Iridescent plum surfaces with moss green at the peripheries. Examination under a high powered glass fails to bring note to a single mark. The finest 1880's Dime we've ever seen and, perhaps, the prettiest coin we've ever sold.	3,625.00
1882 Proof (69) Wonder Coin! Another visual delight with an intense electric blue and light lilac obverse countered by a fiery sunflower and rose reverse.	3,625.00
1883 MS (65)	1,325.00
1885 MS (67) Superb! Even slate grey with green and blue pastels below. The satin surfaces are especially choice and mark free.	1,650.00

1911 MS (70) Perfection! While Barber Dimes are, as a whole, a boring coin, this isn't. The delicate rose-gold toning, illuminated by intense luster, gives the surfaces a vitality unheard of on a Barber Dime.	2,850.00

TWENTY CENT PIECES

1875 Proof (69) Wonder Coin! Deeply reflective unmarked surfaces display entrancing pastel toning. A type coin which is on everybody's "most wanted" list but seldom lives up to expectations.	10,625.00
1875-S MS (65) Delicate russet toning atop choice satin surfaces. Some light clashing in the right obverse field; otherwise very clean. An excellent type coin.	4,750.00

TWENTY CENT PIECES

1875-CC MS (67) Superb! Rather deep gold toning atop pristine surfaces. A remarkably sharp strike; only the second 1875-CC we've seen without weakness on the right leg and wing. A premium type coin but an individual scarcity in its own right.	5,950.00
---	----------

BUST QUARTERS

1804 F (15) Browning-1 with the diagnostic die cut between stars 8 and 9. A perfect circulated coin with rose-gold, unmarked surfaces. Striking weakness has obliterated AMERICA and the value. An affordable example of a legendary American rarity.	2,250.00
1806 MS (63) B-2. Unlisted die state; similar to Breen's State IV but numerous reverse rim breaks. New crack from 2 in value into left shield. Natural rose-gold and orange with fairly clean surfaces. Quite weak in the centers but this is due to the extensively cracked dies; not wear. A scarce coin in Mint State and a rare variety; this compares to J.A. Stack: 6 as the finest late state 1806 B-2 available.	11,500.00
1825 /3 AU (55) B-2. Even cobalt with strong bluish-gold pastels below. Legitimately scarce in this grade.	1,150.00
1828 VF (20) B-4.	205.00
1831 EF (40) B-4. Scarce.	265.00
1833 EF (45) B-1. Toned.	345.00
1834 MS (65) B-4. Heavy obverse cracks as described by Browning; clashmarks from reverse below Ms. Liberty's ear. Delicate pastels adhere to unusually clean surfaces. Sharp obverse; a trifle weak at the eagle's lower left wing. A lovely coin.	7,200.00
1835 VF (20) B-6. Terminal die state. Rare!	110.00
1835 MS (65) B-7. Extraordinary satin surfaces display natural rose tones. Very well struck; far more so than the 1834. A nice type coin and an underrated variety in strict Mint State.	7,200.00

SEATED LIBERTY QUARTERS

1839 AU (50) No Drapery. Natural deep lilac and emerald toning. Choice for the grade.	410.00
1847 MS (67) Superb! Funky concentric iridescent rings on the obverse and reverse. In our opinion, strict Mint State 1840's Quarters are amongst the most underrated of all U.S. coins.	3,500.00
1860 MS (65) Deep two-tone gold toning atop extremely choice surfaces. A valiant rival to the superb piece we sold in our last catalog.	3,150.00
1868 MS (69) Wonder Coin! Mottled rose-gold toning atop fully lustrous surfaces. Perfect date with no obverse rust pits. (All Proofs seen of this date have either some repunching on the final 8 in the date, a rust pit below B in LIBERTY or obvious die polishing in the reverse shield.) Rare enough in "typical" Mint State but prohibitively so in this level. We can confidently say that this is amongst the finest known for the date.	12,500.00
1869 MS (67) Superb! Prooflike with flecked violet toning atop even gold surfaces. The reverse of 1868 business strikes (doubling on the legend and a detached segment on the right half of the scroll) conclusively prove that this is a business strike. While not quite in the same league as the 1868, this is still a very scarce coin in Mint State. Only the AUCTION '81 coin (sold by Paramount) rivals this.	6,950.00

SEATED LIBERTY QUARTERS

1872 Proof (65) Greenish-blue and sunflower toning atop deeply reflective surfaces.	2,250.00
1873 MS (60) Arrows.	875.00
1874 MS (63) Arrows. Russet-gold obverse; lighter gold reverse. As choice an MS (63) Arrows Quarter as one would hope to find.	1,675.00
1874 Proof (69) Arrows. Wonder Coin! Moss-green and violet obverse; captivating chartreuse reverse. An infrequently offered type coin; most have been cleaned or otherwise impaired.	9,250.00
1875 MS (65) Deep rose pastels. An excellent type coin with none of the usual hidden marks.	1,950.00
1876 MS (65) Honey-gold and sienna toning. Very attractive.	1,950.00
1877-S MS (65) Light rose-gold toning adds further aesthetic appeal.	1,950.00
1879 Proof (67) Superb! Mottled golden-umber, violet and lavender. The obverse is virtually perfect.	2,750.00
1880 Proof (69) Wonder Coin! Beautifully blended azure, emerald and gold toning atop deep unhairlined surfaces.	4,950.00
1887 MS (65/65) ANACS certified. Very light golden-rose toning atop surfaces in full bloom. No trace of Proof finish insures this coin's status as a scarce business strike.	2,250.00
1888 Proof (67) Superb!	3,050.00
1888-S MS (63) Semiprooflike. Struck from rusted dies. Scarce in Mint State.	600.00
1890 MS (69) Wonder Coin! Dusky grey with purple flashes on the obverse fields. Sharply struck and incredibly free of marks. A favorite date of ours; we have always placed this just a step below the 1879-1889 in Mint State rarity ratings.	4,125.00
1891 MS (65) Sedate rose-grey obverse with illuminating pastels below; similar but slightly less lustrous reverse. This sharp, clean Quarter would make a very fine type coin.	1,950.00
1891 Proof (69) Wonder Coin! Rust-gold and turquoise obverse; russet-gold. This coin derives its origin from an original 1891 Proof Set we recently broke up. In its 92 year lifespan, it has, seemingly improved with age.	4,600.00

GOLD DOLLARS

1849 MS (65) Closed Wreath. "L" on truncation. Green-gold with a somewhat prooflike obverse. Struck from lightly clashed dies. A clean, vibrant coin and an excellent first-year-of-issue piece.	4,750.00
1851-C EF (40) Lustrous green gold. Perfect for the grade with light, even wear and a conspicuous absence of problems.	750.00
1852 MS (65)	4,750.00
1853 MS (63)	1,250.00
1853 MS (65) An excellent type coin due to its pleasing orange-gold coloration, full strike and choice surfaces.	4,750.00
1854-S MS (65) Lustrous reddish-gold. A bit weak at the right obverse (corresponding to the reverse) rim; otherwise a razor sharp strike. The surfaces are excellent with none of the usual scratches or nicks. This, the first San Francisco Gold Dollar, is a very scarce date in strict Mint State. Only the Eliasberg coin exceeds this amongst recent offerings.	15,000.00
1855 AU (55) Type Two. Lustrous and clean. A more than acceptable substitute for an expensive Mint State coin.	950.00
1855-O MS (63) Type Two. Green-gold. One fairly extensive obverse scratch in the left field; otherwise clean for the grade and date. Typical strike with weak centers; most notable is an obliterated 8 in the date. Far nicer than described and a very scarce date in Mint State.	8,250.00
1856 MS (65) Upright 5. Typical strike but a very attractive original Gold Dollar with lovely deep orange color.	4,750.00
1861 MS (60)	650.00
1861 MS (63) Prooflike and choice for the grade.	1,150.00
1861 MS (65) Struck from clashed dies. Lustrous orange-gold. The obverse is superb.	4,350.00
1862 MS (63)	1,150.00
1862 MS (65) A perfect Type Three type coin: clean, original and lustrous.	4,350.00

GOLD DOLLARS

1865 MS (65) Prooflike. Only 3,700 business strikes produced; Mint State survivors are estimated to number around two dozen. This one is very flashy with delicate pink blushes at the devices. 86 in the date are weak; the rest of the coin is very sharp. Usually only offered along with great collections and an important coin for the specialist.	11,500.00
1874 MS (65) Prooflike.	4,350.00
1876 MS (65) Only 3,200 business strikes produced. Semiprooflike obverse; frosty reverse. Lovely pinkish-gold color. This is generally acknowledged as one of the scarcer dates in the series. Ours is remarkable well struck, far more so than the Akers plate coin. Again, an important coin for the specialist.	5,400.00
1885 MS (65) Very deep coppery toning on the obverse and reverse.	4,350.00

QUARTER EAGLES

1832 AU (50) Expertly repaired on the obverse; so well repaired, in fact, that many of the dealers who have seen this coin couldn't determine where the work was done. Only 4,400 minted and most of these were melted in 1834. Rare and desirable in any condition.	4,950.00
1838 MS (63) Deep yellow gold. Very pleasing for the grade with intense luster illuminating problem free surfaces. Classic Head Quarter Eagles are, in Mint State, amongst the most underrated of all U.S. gold types. This is a particularly scarce date in Mint State.	3,600.00
1839 /8 MS (60) Deep gold with copper splashes in the devices. No major marks and/or problems; many would call this a "63." An extremely underrated and a legitimately rare date in Mint State.	3,750.00
1843-O AU (55) Small Date. Typical very weak strike; nice orange and green gold. Scarce.	595.00
1843-O MS (60) Large Date. Repunched mintmark as all seen. Light yellow gold. Considerable luster adheres to the clean, problem free surfaces. This is amongst the most underrated of all Quarter Eagles. We have, until now, never handled (in fact, never even seen) a piece above EF. One of the most important Quarter Eagles to be sold this year.	1,250.00
1847-C MS (63) Breen-1. Diagnostic rusted reverse. Yellowish gold with considerable luster adhering to the reasonably choice surfaces. This date is a low R-4 in any grade; in strict Mint State the date is a low R-7.	4,600.00
1851 MS (63) Breen-1. (R-7). High date, crack through stars six and seven. Deep yellow-green gold with strong luster. An extremely rare variety; Windsor: 293 is the only other offering in years.	950.00
1853 EF (45)	550.00
1853 MS (65) Full strike. Lovely pinkish-gold with vivid luster. Clean and attractive. Admittedly a common date which makes this a perfect type coin.	3,500.00
1857 MS (67) Superb! Dazzling luster atop pristine surfaces. As flashy an early Liberty Quarter Eagle as any we've seen. This is destined to repose in the finest of type sets.	5,100.00
1861 MS (65) Full strike. Deep greenish-gold. Again, a flashy, sharp earlier date with obvious type set potential.	2,750.00

QUARTER EAGLES

1873 MS (69) Open 3. Wonder Coin! Light orange-gold with a blush of pink at the reverse center. Incredible pristine surfaces are lustrous and display virtually no marks. A sensational type coin.	8,950.00
1876 EF (40) Lustrous but softly struck. A very scarce and underrated date.	495.00
1878 MS (65)	2,050.00
1879 EF (45)	350.00
1881 MS (60) Fully prooflike. Only 640(!) business strikes produced giving this the third lowest mintage figure of any Liberty Quarter Eagle. Obverse lintmark right of star 6; otherwise possessing surfaces consistent to the grade. Condition census for the date; possibly the second or third finest known.	6,950.00
1882 MS (65) Semiprooflike. Excellent luster and color atop exceedingly clean surfaces. A popular low mintage date; only 4,000 business strikes were produced.	3,500.00
1885 MS (63) Only 800 business strikes produced. Prooflike orange gold. Some light scratches in the fields keep this at the "63" level; its flash suggests a higher grade. A date which certainly lives up to its press notices; probably a low R-7 in Mint State.	9,750.00
1893 MS (67) Superb! Full strike. Deep yellow gold with traces of green tone. A pristine example of this scarce low mintage date.	1,700.00

1909 Proof (67) Superb! 139 struck in the lovely "Roman Gold" finish. An amazing coin with no "shiny spots" or other detractors so common to Matte Proof Quarter Eagles. Rare.	11,750.00
1911-D AU (50) Lustrous and very pleasing for the grade.	1,550.00

THREE DOLLAR GOLD

1854 AU (58) Deep yellow-gold with orange and green overtones. Strong date and DOLLARS. Far nicer than many so-called "60's."	6,375.00
1854 MS (63) Fully lustrous orange gold. Sharply struck with well defined hair and a bold date. An excellent type coin.	3,800.00
1874 MS (63) Fully prooflike. A curious coin. While the reverse shows all the diagnostic criteria of a Proof, the date position indicates that this is a business strike. This is the sort of one that Max Mehl called a "one-sided Proof." However, serious claims to the above could be made for this coin. As it stands, we will be content to sell this as one of the flashier 1874 business strike Threes around.	3,850.00

THREE DOLLAR GOLD

1879 MS (65) Fully prooflike. A flashy full cameo which, at first glance, looks like a Proof. Some light marks are present but these are (rather unfairly) amplified by the depths of the field. Scarce.	10,750.00

HALF EAGLES

1803 /2 MS (63) Breen 1-C. (High R-4). Perfect dies. Lustrous green-gold. Very sharply struck for the date with the centers showing far more detail than usual. The only weak area is the left talon. One minute reverse rim bump above ST will never again be mentioned in a description about this coin.	14,500.00
1806 MS (65) Breen 5-E. (R-3). Knobbed 6, Stars 7+6. Perfect dies; none of the usual clashmarks. Lustrous green-gold with a somewhat deeper hue than the 1803/2 listed above. Very sharp obverse save for the radials of the stars; reverse weakness at the left shield and left talon. Early Gold of this quality is, obviously, an important opportunity.	24,500.00
1811 MS (67) Superb! Breen 1-A. Tall 5. (R-4). Perfect dies. Struck in deep yellow gold with even green toning. Blazing luster adheres to the problem free surfaces. However, it is the strike which stands out. Every individual strand of hair is readily distinct as is every feather on the eagle. Aesthetically, this is one of the prettiest Early Half Eagles this writer has seen.	29,500.00
1835 AU (55) Lustrous green-gold. A wise type coin for the gold collector who can't afford a Mint State Classic Head Half Eagle.	750.00
1838 MS (65) Full strike. Orange and green toning atop unabridged surfaces. The reverse is superb. A very choice piece and a scarce date in this grade.	11,750.00
1852 EF (45) Breen-2.	250.00
1853 AU (50) Breen-5. Long break from date to star five. An extremely rare variety.	345.00
1855-C MS (60) Prooflike. Banana-yellow gold. Rather abraded but no signs of wear, rub or serious abuse. Unlike the next, the surfaces are original.	1,250.00
1855-C MS (63) Somewhat dark, matte-like surfaces from exposure to sea-water. Far choicer than the "typical" sea-water Unc. with no abrasions or resultant loss of detail. Scarce.	2,450.00
1880 MS (65)	3,350.00
1880-S MS (63)	625.00
1881 MS (63)	625.00
1882-S MS (65) Excellent color and surfaces.	3,350.00
1882-S MS (65) Semiprooflike. A beautiful Half Eagle.	3,450.00
1887-S MS (63)	625.00
1887-S MS (65)	3,250.00
1890 AU (50) Semiprooflike. With Mint State coins at least a high R-7 (if not an R-8) this represents the finest offering since the 1978 ANA coin. An important coin for the specialist.	1,150.00
1892 Proof (50) 92 struck; less than 30 estimated to survive. Obverse abrasions in the fields do not entirely disturb the Proof surfaces; deep reverse scratches, unfortunately, do. An excellent opportunity for the lower budget collector to purchase a real Proof Gold coin.	895.00
1893-O MS (63) Green gold. An excellent strike with equally choice surfaces. Scarce and virtually unobtainable any choicer.	1,750.00
1895 MS (65)	3,350.00

HALF EAGLES

- 1895 Proof (55) 81 struck; perhaps as few as two dozen survive. A presentable Proof with scattered minor abrasions; mainly in the fields. How many U.S. gold rarities can be purchased for under \$1,000?950.00
- 1899 MS (63)625.00
- 1899 MS (65)3,350.00
- 1900 MS (63)625.00
- 1900 MS (65)3,350.00
- 1901 Proof (67) Superb! 140 struck but far scarcer than this figure would indicate. There is little that can be said about this coin other than the fact that it is awesome. All other words are unneeded hyperbole. A true prize for the connoisseur.15,250.00
- 1906 MS (65)3,350.00
- 1908 MS (69) Indian Head. Wonder Coin! Phenomenally clean surfaces display beautiful deep yellow hues. The cheek, for once, displays no rub and the strike is very bold. Gold type collectors will, no doubt, realize the importance of this offering.8,350.00
- 1908-S MS (60) Excellent surfaces and color. A scarce and popular low mintage date.2,400.00
- 1909 MS (67) Superb! Pinkish-gold. Pleasing satin surfaces minus the almost expected nicks, scratches and rub.4,875.00
- 1909-D MS (63)1,350.00
- 1909-D MS (65)3,900.00
- 1911-S MS (63) Flashy, lustrous surfaces. A very choice coin; many would call this a "65." Possibly the most underrated date in the series and a very scarce coin in strict Mint State.1,800.00
- 1915 MS (65)3,950.00

EAGLES

- 1800 MS (63) Breen 1-A. Prooflike. Struck in lovely even yellow gold. Well centered and sharp with no adjustment marks or rim problems. Visually, this is as attractive an Early Eagle as we've seen. A very scarce and underrated date.21,750.00
- 1849 MS (63) Breen-1. Doubled one in date; the initial punch was begun much too high. Somewhat prooflike with swirling copper and green toning. A very rare variety and a legitimately scarce date in Mint State.3,900.00
- 1850 AU (50) Fully lustrous and choice for the grade. Unfortunately, a very poorly struck coin with the centers quite weak.475.00
- 1851-O MS (63) Breen-2. High date, hollow center punch within shield. Semi-prooflike. Breathtaking deep yellow gold shows very few marks. Our research indicates that this is the second finest known example trailing only the mind-boggling Eliasberg: 688.5,750.00
- 1859-S MS (60) Lustrous orange-gold with original satiny surfaces. A legitimate "63" which is downgraded by a faint dig above the T in LIBERTY and a reverse rim tic at 12:30. Our research shows this coin to be the **finest known** 1859-S Eagle. In fact, no auction records for coins above an Extremely Fine grade are known. Thus, this represents the only known Mint State example. The most important coin in this offering.12,500.00
- 1880-S MS (67) Superb! Fully struck and lustrous with blemish free surfaces. A superior type coin; this is finer, even, than Eliasberg: 766. An underrated date.4,200.00

EAGLES

- 1881 Proof (60) Only 42(1) struck; we doubt if even a dozen survive. Somewhat dull on the obverse; mostly brilliant reverse. One obvious gouge has obliterated the R in TRUST. This is one of the rarer Proof Eagles with only 11 auction appearances since 1941.3,000.00
- 1891-CC MS (63) Fully prooflike. Two series of chattermarks in the left obverse field. A nice, flashy coin from the fabled Carson City Mint. 1,650.00
- 1892-O MS (60) Frosty green-gold. A few obverse marks; choice reverse. 450.00
- 1893 MS (63)825.00
- 1893 Proof (67) Superb! Only 55 minted; we estimate that between 17 and 21 survive. This must be amongst — if not the — finest. It is a full cameo with extremely deep fields. No cloudiness or hairlines are present. This is the most spectacular Proof Eagle we've ever sold.16,500.00
- 1895-O MS (65) Semiprooflike. Attractive two-tone gold with deep highlights. Generally overrated in grades up to MS (63) but legitimately tough in this grade.6,750.00
- 1895-S MS (60) Pinkish-gold. Sweeping luster illuminates very choice surfaces. We fully agree with Akers' estimation of this date; it is the most underrated Eagle. This piece traces its origin to a European bank; it is, in all probability the **finest known** and represents the first Mint State piece ever offered.1,250.00
- 1897-O MS (63) Somewhat baggy but very lustrous and sharply struck for this scarcer date.975.00
- 1899 MS (65)3,350.00
- 1901-S MS (63)825.00
- 1901-S MS (65)3,350.00
- 1902 MS (63) Rather baggy but lustrous and well struck. Scarce and extremely underrated in Mint State.975.00
- 1906-D MS (63)825.00
- 1907 MS (65) Liberty Head.3,350.00
- 1907 MS (63) Indian Head.1,750.00
- 1907 MS (65) Indian Head.5,400.00
- 1908-D MS (65) With Motto. Lustrous matte-like surfaces. Scarce.8,400.00
- 1909-S MS (60)1,450.00
- 1910-D MS (63)1,150.00

DOUBLE EAGLES

- 1853 EF (40) A nicer coin for the grade would be impossible to find.650.00
- 1861 MS (63) Clean and well struck. An obvious type coin.3,100.00
- 1870 MS (60) Deep green gold with vibrant pink centers. Obverse marks consistent to the grade; very choice reverse with claims to a higher grade. A rare date in Mint State with probably no more than four or five known; of these, none are finer than this example.3,950.00
- 1875-CC MS (63)2,450.00
- 1878-S MS (63)950.00
- 1884 MS (65)2,875.00
